Letter of Recommendation: translated, annotated and abridged ...

... "However we decided to completely renovate the dressage riding plaza according to the recommendations of Mr. Längle, Pro Equus ...

"In wet weather or dry, the footing is always consistent with the same excellent properties..."

"From today's perspective, we can not imagine a better ground for our sport horse Training Partners. A tournament in June through September 2005, CDN-A-Bregenz Mehrerau ["Competition Dresseur Nationale - A Klasse"], was due among other factors to this footing and flooring; all participants highly praised it as a great success..."

"Even the extremely intense rainfall in the flood disaster in autumn 2005 shown on the new surface had no effect. This was within 15 minutes after each Downpour back to 100% usable, which we obviously the quality of the whole again before our very eyes.

"With best regards and thanks for the advice.

"Ing. Klaus Steurer
